PAWAN LANDMARKS

PASTHAL - BOISAR

BIDKER BUILDERS group of companies have been in its core business of construction and property development for over a decade now. BIDKER BUILDERS was established in 1995, we have many projects to our credit. It has been the focus of BIDKER BUILDERS to concentrate on fewer consecutive projects expending effort on quality instead of quantity.

Each time we start a new project we continue a legacy of services and high-quality construction that began a decade ago when we started the tradition of offering contemporary, well-constructed, affordable homes. Since then, we have helped people realize their dreams of home ownership.

Our approach to customer service is simple - we build every home as if we were going to live in it ourselves. We build it right. Homeowner satisfaction is our top priority.

We put all our efforts in making your Dream Home a comfortable experience throughout your life. We give special emphasis in the selection of the site and on the documentation.

At BIDKER BUILDERS we have a tradition of undertaking nothing short of the very best construction projects and delivering superior

quality Homes. We go into the smallest finishing details of your home, when you choose a Home in our project; you are choosing our unwavering commitment to quality and customer service. We take pride in creating homes that are as beautiful to look at as are affordable and comfortable to live in. We offer a combination of quality and superior design.

Our ultimate goal is to build a home of the highest standards, which meets your expectations and becomes a source of pride and satisfaction throughout your life. For which we engage highly qualified architects, specialized consultants and a team of experienced engineers, contractors and a dedicated staff.

For the past one and half decade 'Bidker Builders' have been trendsetters in providing quality shelters with modern amenities in Vasai.

After a strong presence and hundreds of satisfied customers in Vasai and in continuation of the above commitment 'Bidker Builders' have moved on to create new LANDMARKS in Boisar which is just, 45 Kms. away from Virar. We intend creating quality apartments at affordable prices to fulfill the common man's dream by providing close access to their workplace at Boisar.
